Spring 2018

## CTE Classroom News:

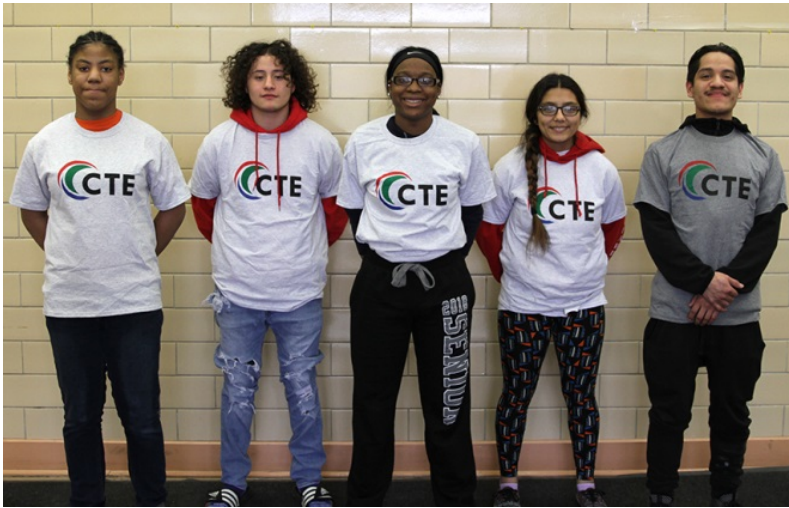

The students in the Transportation, Distribution, and Logistics (Automotive) Program of Study, visited Hunter Engineering Company on February 27, 2018. Educator, MJ Martin, planned the trip for his students along with Vocational Instructor, Dennis Daniel, as part of CTE Month. Students were allowed to gain experience using the equipment at the facility and were treated to a great lunch. Thank you Hunter Engineering for a great trip!

Students in the Construction Trades classes have had the opportunity to make cutting boards this year and include special messages using the new laser engraving machine.

## CTE Month:

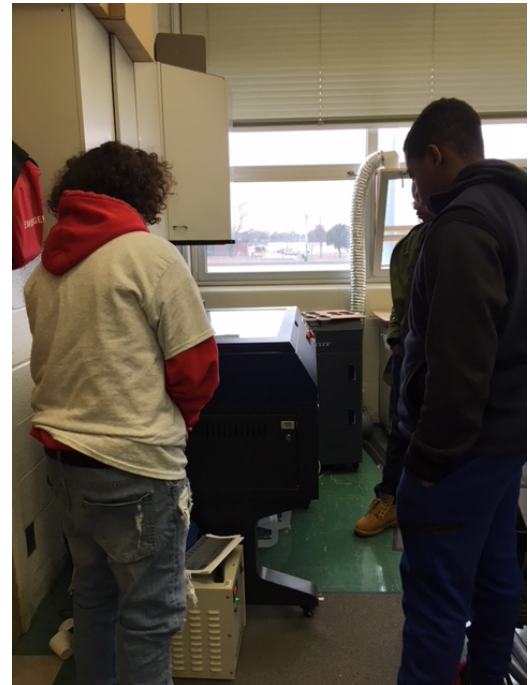

The ISD Career and Technical Education (CTE) Center celebrated CTE Month in February 2018. Each week, CTE information was shared with the ISD campus and a student of the week was chosen for each Program of Study. Each student received a CTE t-shirt along with recognition in the daily announcement paper.

The entire CTE building along with the students of the week were treated to a pizza party on February 23, 2018

The CTE Students of the Week were: L-R: Doniyah, Jovany, Trashauna, Estrella, and Lalo.

As part of CTE Month, CTE hosted the 6th, 7th, and 8th grade students and their teachers for a "Taste of CTE" on February 23, 2018. The event began with an introduction to CTE and the Student Work Experience Programs by the CTE Principal. Then, the students were divided into four groups and they rotated through four sessions lead by ISD high school students. Each session demonstrated a particular CTE area. At the end of the event, two items that were created were raffled and given to student winners.
